

In fewer than three minutes you can ask Eva to...

- Notify 750 owners of community wide issues (pool openings, closings, parking lot resurfacing, freeze warnings, utility outages, meetings and elections) and get a detailed report with the date and time each person received and acknowledged the message in case someone ever says, "You never told me."
- Ask all owners if they will be able to attend an annual meeting on a specific date and time. There's no point in holding the meeting unless you'll have a quorum.
- Notify 75 owners of scheduled maintenance in their unit (exterminator, HVAC, etc) in less than two minutes.
- Deliver reminders to every owner with past due association fees and if needed, for potential foreclosure proceedings, get a detailed report outlining when the owner acknowledged the message.
- Call a list of emergency maintenance providers (plumbers, electricians, HVAC) one-by-one until Eva finds one who can help.

Eva (Eventuality Virtual Agent) More than a simple notification service, EVA is a voice and text-based messaging service that allows you to communicate with an entire group and receive answers all at the press of a button. Offering two-way communication, EVA will send messages, ask questions, and record answers. She will even find the first person on your list to answer "yes" to a question.

Benefits

- **Eva Saves Money:** Eva costs less than having administrative staff make tedious phone calls and requires no equipment or overhead.
- **Eva Provides Accountability:** Eva keeps a detailed record of who she reached, by which methods, and at what time she contacted them.
- **Eva Saves Time:** Eva can deliver a notification or ask a question to any number of people simultaneously. Eva achieves in minutes what takes a person hours to accomplish.
- **Eva Saves Frustration:** Eva delivers a message or asks a question quickly and to the point. She is not obligated to stay on the line with someone who feels like chatting.

Features

- **Notification:** Eva delivers your message to a group by phone and e-mail.
- **Question:** Eva asks a group your yes/no question and delivers the results to you.
- **Find-First:** Eva calls your contact list one-by-one with a yes/no question. She immediately contacts you after the first person answers "yes".
